

CORPORATE FACT SHEET

In 2006, SolarEdge invented an intelligent inverter solution that has changed the way power is harvested and managed in PV systems. Today, we are a global leader in smart energy technology. By deploying world-class engineering capabilities and with a relentless focus on innovation, we create smart energy products and solutions that power our lives and drive future progress.

VISION

- > We believe that continuous improvement in the ways we produce and consume energy will lead to a better future for us all

PRODUCT RELIABILITY

- > Long product warranties; 25-year power optimizer warranty, 12-year inverter warranty, extendable to 20 or 25 years
- > SolarEdge products and components undergo rigorous testing, and have been evaluated in accelerated life chambers
- > Reliability strategy includes proprietary application specific ICs (ASIC)

GLOBAL OUTREACH

- > Offices in 21 countries, with systems installed in 125 countries
- > Sales via leading integrators and distributors
- > Follow the sun call centers
- > Local teams of sales, service, marketing, and training experts
- > Global manufacturing with tier 1 electronic manufacturing service companies

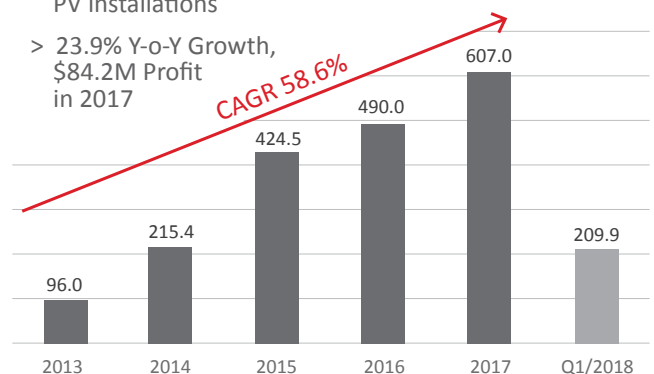

BANKABILITY

- > SolarEdge has been audited and approved by major banks and financial institutions for projects and funds worldwide
- > Our financial strength and stability, combined with our cutting-edge technology, make us the preferred partner for industry-leading installers, integrators and distributors
- > Publicly traded on the NASDAQ under the SEDG symbol

BUSINESS FIGURES

- > 25,200,000 power optimizers and 1,100,000 inverters shipped worldwide
- > Monitoring platform continuously tracks over 618,000 PV installations
- > 23.9% Y-o-Y Growth, \$84.2M Profit in 2017

CORPORATE SOCIAL RESPONSIBILITY

- > As an industry leader in renewable energy technologies, SolarEdge strives to limit the harmful effects of traditional energy sources by promoting the spread of clean, sustainable energy around the world
- > SolarEdge is in full compliance with international standards on quality and control, ethical conduct and environmental protection
