

C&I: Domestic Content Offering

Using the "Rooftop (MLPE)" section of the elective safe harbor table (IRS Notice 2024-41) with SolarEdge US manufactured domestic content C&I Inverters and Optimizers once available from our Florida site:

March 2025

The amount that we believe will qualify as Domestic Content is as follows*:

Printed Circuit Board Assemblies	16.0%
Electrical Parts	1.6%
Enclosure	1.6%
Production	16.4%
Total	35.6%

In March 2025, paired with our C&I domestic content products (35.6%), customers would only need rails (8.6%) to potentially achieve 44.2% or paired with full racking could be eligible for 61.4%*.

*Manufactured by SolarEdge with the intent to be eligible for inclusion under the elective safe harbor in calculating the Domestic Cost Percentage under the "Rooftop (MLPE)" category (under IRS Notice 2024-41). Eligibility is subject to the installation of qualified USA-Manufactured inverters and power optimizers in the same project. SolarEdge does not provide tax and/or legal advice. You should consult with your own legal and/or tax advisor(s) regarding the eligibility of your project for the ITC or PTC, including the 10% Domestic Content bonus, to determine how the applicable rules apply to your project. The forward- looking statements in this document are accurate as of the date herein and are subject to change. For more information, please contact your local SolarEdge sales representative.

SolarEdge Technologies is a global leader in renewable energy technology for commercial, utility, and residential customers. SolarEdge optimizes energy generation, storage, management and consumption. The company develops and produces PV inverters, Power Optimizers, energy management solutions, energy storage, and grid services. More than 50% of Fortune 100 companies have SolarEdge technology on their rooftops. SolarEdge is helping accelerate the global transition towards distributed, sustainable energy.
